INTERACTIVE DEMO APPENDIX

125 live interactive demo screens

The 125 interactive demo screens listed here are fully working HTML demonstrations with realistic U.S. sample data based on a SEOYON E-HWA automotive parts plant operating two facilities: **SAV (Detroit, MI)** and **GEO (Birmingham, AL)**. Customer accounts include **Ford**, **General Motors**, **Stellantis**, **Hyundai Motor Manufacturing Alabama (HMMA)**, and **BYD**.

To explore the demos, open the URLs below in any modern browser (Chrome, Edge, or Safari). All four *shell* URLs are entry points that load the individual screens via menu clicks.

Demo Shells (entry points)
